Mathematics Pathways

Core Pathway

***Information will be provided by the math and/or guidance departments to assist with choices and selection of courses that are listed horizontally within a Pathway.

***Pending district (administrative/teacher team) approval: Changes in Pathways for individual students, and variations in course sequence, may occur based upon a comprehensive review of performance data.

***Changing to Accelerated Pathway: Students must maintain at least 93% in Core Course along with at least 93% on Core Final Exam for consideration.
